Prayas is a humanitarian, gender sensitive and child-focused development organization, with a vision to restore the lost childhood of neglected, street and working children and the marginalised.

We visualise a world that protects children's rights. A world that treats every child equally and lets boys and girls play and learn, and grow to adulthood in health, peace and dignity. A world that involves children and young people in making decisions about their lives and finding ways to make the world a better place for all.
